

refugee pregnancy clinic

What we offer

The clinic is a midwife-led clinic providing pregnancy care and support to women and people from refugee backgrounds and those seeking asylum.

This is a **free** program (no cost).

Services

- Pregnancy testing and counselling.
- First antenatal consultation and referral to public hospital maternity service, including ordering of antenatal pathology, ultrasound imaging and other relevant testing.
- Ongoing antenatal shared-care for eligible people booked into The Women's Hospital and Joan Kirner Women's & Children's Hospital
- Secondary consultation for community and health organisations working with people from refugee backgrounds.
